Thanks for chatting. Attached is my memo for the Congressman and our bill text. Also, [here](#) is a link to the Committee Report for Rep. Nolan's version that passed the House last Congress.

Let me know if there is anything else I can help you with. Looking forward to meeting you this afternoon

We've reached out to our general counsel to see if we can do a meeting during the shutdown due to the rules on exempted activities. Once we get feedback I'll circle back around! Appreciate the patience!

Hi Mr. Ringel

I just wanted to follow-up this morning. We realize things are pretty tenuous with the shutdown, but Rep. Stauber would be very appreciative if we would be able to get him in front of Administrator Wheeler in the near future.

Thanks for your help!

Andrew

Hi Andrew, considering the current government shutdown it is doubtful we'll be able to facilitate a meeting this next week. We'll check and circle back to confirm of course.

Best,
 Aaron

Good afternoon,

Sorry to bother you on a Friday afternoon.

My boss, Representative Stauber, would like to meet with Administrator Wheeler regarding EPA comments (or lack thereof) to the Minnesota Pollution Control Agency on permitting for PolyMet Mining's NorthMet project. Would it be possible to schedule a meeting this upcoming week? This project is a priority for Rep. Stauber as it is a locally-driven opportunity for economic development that has endured 14 years of regulations and permitting.

Please feel free to reach out here or at my personal cell, 763-221-7523, if you have any further questions. Our scheduler, Linnea, is CCed on the email as well.
